Account Information C7028845 DLMP Jacksonville		Collected 18 Mar 2026 03:00		

SARS-CoV-2 Nucleocapsid Total Ab, S

MCF

Negative

Reference Value
Negative

No antibodies to SARS-CoV-2 detected. Negative results may occur in serum collected too soon following infection, in immunosuppressed patients or in patients with mild or asymptomatic infection. This test does not rule out active or recent COVID-19 infection and will not detect SARS-CoV-2 vaccine-induced antibodies. Follow up testing with a molecular test is recommended in symptomatic patients.
